

Leading Through Courageous Conversation

A day long workshop for clergy, appointed staff and lay leaders
with Sandy Cotton

Sandy is the author of *Wisdom for Your Workplace: Finding Sanity and Health in Today's Organizations*, and
co-author of *Passionate Visionary: Leadership Lessons from the Apostle Paul*

Authentic leaders start and sustain inclusive conversations that help their faith communities on the journey toward shared meaning and wellness. Many of these conversations require compassionate insight, personal courage, and emotional intelligence from leaders - the work is not easy. In this workshop, we will use case discussions, dialogue tools, and shared personal experiences to explore this approach. The resources may be freely reproduced for use in other settings.

Wednesday, September 24th, 2008

(Not Saturday, September 27th as previously announced!)

9:30 am - 3:30 pm

Ste. Genevieve's United Church
